#### Student Digital/Video Images

Occasionally, we may take photographs of students at Eaton Park Academy. We use these images as part of our displays and sometimes in other printed publications. We will also use them on our website, Facebook page and other social media sites.

Eaton Park Academy will comply with the General Data Protection Regulation and always request and comply with parents/carers permission.

Learning Journeys are used to celebrate your child's progress throughout school. Photographs of individuals, groups or classes of children may appear in these records.

From time to time, Eaton Park Academy may be visited by the media who will take photographs or film footage of a high profile event. Children may appear in these images, which will sometimes be published in local or national newspapers, or on approved websites.

The use of digital/video images plays an important part in learning activities. Students and members of staff may use digital cameras to record evidence of activities in lessons and out of school. These images may then be used in presentations in subsequent lessons.

We will require parental permission to use your child's personal details whilst as a student at Eaton Park Academy and after they have left (up to a maximum period of 2 years). We will not use your child's details without this permission.
